THE GREAT HOME FURNISHERS  
260 GEORGE ST. BRISBANE

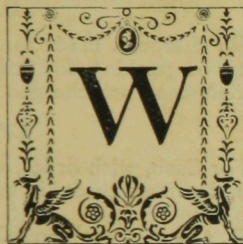

# Introduction

WE have pleasure in presenting this Catalogue, which we have sought to make as representative as possible.

Within the pages of a General Catalogue it is impossible in any measure to set forth a complete idea of our vast and varied array of beautiful furniture; nevertheless, it is an ideal buying guide, and is intended chiefly to assist our friends residing at a distance, who are unable to personally visit our Warehouse and Showrooms.

Through the services of our Mail Order Department, customers can rely upon purchasing goods on the same advantages as though residing in Brisbane, every attention being given to their requirements by an efficient staff, who seek to fulfil the order as though the purchase was made by a personal inspection of our stocks, and satisfaction is guaranteed.

Estimates for complete or partial furnishing will be gladly prepared and submitted on receipt of details of requirements. Patterns and samples of Floor Coverings, Furnishing Fabrics and Curtain Materials will be supplied, post free, on receipt of request.

We extend an earnest invitation to all who possibly can, to visit our Show-rooms any time at their convenience, and see for themselves the many beautiful designs and ideas displayed therein for the complete setting up or beautifying of the home. A visit will convince you that Furniture of Quality and Distinction costs no more than ordinary furniture, and that

“IT PAYS TO COME TO THE RIGHT PLACE—  
TRITTON’S”

## Tritton's Complete Service

For close on half-a-century we have been Home Furnishers, and the experience and reputation which we have gained we gladly place at your service. For **Design, Quality and Value**, our goods are unsurpassed, and are beyond doubt, **Queensland's Best Values.**

### EVERYTHING FOR THE HOME.

Whether you desire to set up a home, re-furnish, or purchase any single article, our staff is at your service to give information, and to offer suggestions, if desired, without placing you under any obligation whatever. In addition to our vast array of Furniture, we present a choice selection of Rich Furnishings, Carpets and Linoleums, being the latest importations from the British, Continental and Oriental markets. Our Crockery, Glass-ware and Hard-ware Departments also offer an almost unlimited selection of General Household requirements.

### COMPLETE FURNISHING SUGGESTIONS.

In our Show-rooms there are displayed many three and four-room furnishing schemes, enabling intending customers to get an idea at a glance of how economically the home can be furnished. Several suggestions are made on the last pages—and many more schemes could be compiled by a careful perusal through this Home-furnishing Guide.

## Factory-to-Home from Tritton's Great Factory.

We have always been Manufacturers of Furniture of Highest Quality. In our Factory—which is the largest in Queensland, which supplies the public direct—we make Furniture of the most dependable character. We use only well-seasoned woods from our own timber yards. This enables us to guarantee Quality and Save You Money by giving first hand values. We invite you to visit our Factory and see the Furniture being made.

## Our Mail Order Service

### ORDERS.

For the convenience of customers, we have provided a Special Order Form, which will be found at the end of the Catalogue, and we ask that all correspondence be addressed to F. Tritton Limited, and kindly give full name and address, stating whether Mr., Mrs. or Miss.

As we have already stated, we have a specially trained and competent staff, and where a personal visit is inconvenient, customers can rely upon every care and attention and prompt delivery being given to their requirements.

If you do not see just what you desire, do not hesitate to communicate with us, letting us know your wishes, when we will be pleased to submit further designs and estimates.

### PACKING.

No charge is made for ordinary packing, but when special crating or packing for rough transit is required, only the materials used are charged for.

### CARRIAGE.

For Cash, with order, we allow 1/- in the £ value of order, which, in most cases, is sufficient to pay carriage.

### V.P.P. (Parcel Post), and C.O.D. (Passenger Train) PARCELS

The Value Payable System is a convenient means of sending light or small articles, especially soft goods through the post, where the exact value is not known, and it is inconvenient to send a remittance with order.

The C.O.D. System applies to small parcels sent by **Passenger Train**, but **does not** apply to ordinary consignments by Goods Train.

We give every care and attention to the packing of goods, but do not accept any responsibility for damage that may occur in transit.

## Furnishing out of Income

### Tritton's Three Unique Systems

#### OUR BANKING SYSTEM.

**T**HIS System is a bright idea of making provision for the future. It compels thrift and is intended to help the thrifty to set aside convenient amounts from time to time, towards the complete, or even partial furnishing of the home. Our official receipt is issued for each amount received.

On money so deposited we allow 6% per annum, so a further saving is effected. There is no need to wait until the full amount required to cover the cost of furnishing the home is accumulated, for the sum that may have been paid in could be applied as a deposit, and the balance could be arranged for as explained under our Easy Payment Plan without disturbing any of your investments.

#### OUR LAY-BY SYSTEM.

**Y**OU can walk through our Show-rooms, or look through our Catalogue, and if you see any article you would like to have reserved, then avail yourself of our Lay-by System. You simply pay down a small amount and the chosen article is laid by for you, and you can make convenient weekly, or monthly payments until the full amount is paid, and then have the article delivered. Some Lay-by Accounts finance not only the complete furnishing of a room, but make provision for the purchasing of those extra items and nicknacks which help to make home more cosy and comfortable.

#### OUR EASY PAYMENT SYSTEM.

**E**VERYWHERE to-day there is an insistent demand, not only for more artistic and practical furniture, but for an easy straightforward system of credit.

Tritton's are meeting this demand conscientiously, as we feel that every reputable citizen should be given the advantages of low prices, very modest terms, frank and simple methods, and completely confidential negotiations.

Your credit is good at Tritton's. You can obtain immediate possession of the furniture you want on the Easiest of Terms. A small deposit and easy payments of the balance over a period to suit your convenience can be arranged. Come in and talk your proposition over now.

### TRITTON'S HOSPITAL BEDS.

Our Hospital Beds are very solidly constructed of best materials, and can be relied upon to give years of service. Many other styles can be supplied, and we will gladly submit further designs and estimates for the complete or partial furnishing of Hospitals, without any obligation whatever.

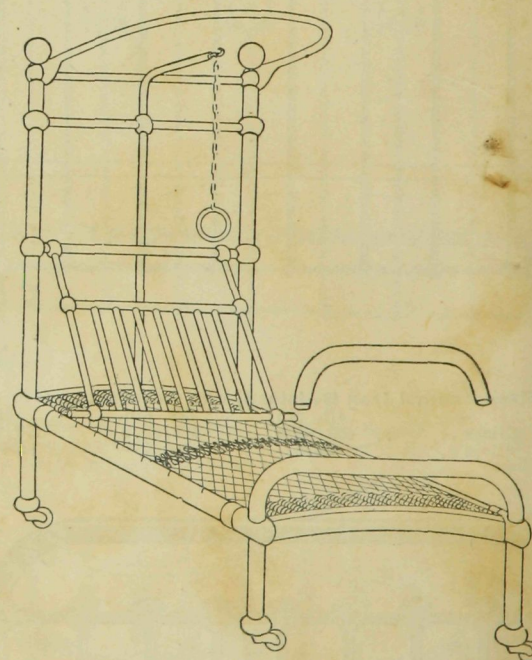

**A101—The Brisbane Hospital Bedstead.**

A cheap, but serviceable bedstead. The foot and back parts are made of  $\frac{1}{2}$ in. welded tube with  $\frac{1}{2}$ in. rails. The mattress frame is equally as strong as our Famous A102 Hospital Bed, being made of  $\frac{1}{2}$ in. welded tube sides, and convex angles at head and foot. The mattress is made of 11 gauge galvanized wire, interwoven like a chain (not the old-time diamond with loose links). It has 15 strong springs each end. The mattress being securely fixed to sides, eliminates any possibility of sagging. Height from floor to mattress, 24in. Size, 3ft. wide.

Price ... .. £4 : 10 : 0

### TRITTON'S EASY PAYMENT PLAN.

We offer Liberal Terms to all persons desirous of taking up house-keeping, or those about to re-furnish. We are recognised as "easy people to deal with," and offer the most acceptable conditions.

**A102—This Hospital Bedstead** has been installed by most of the large hospitals in Queensland, and they have expressed their entire satisfaction as to its service. The foot part is made of  $\frac{1}{2}$ in. welded tube, the top rail can be easily lifted out when necessary. The head part is  $\frac{1}{2}$ in. tube, with adjustable head rail. The pole that carries chain is very strong, being of  $\frac{1}{2}$ in. welded tube, which can be removed when not required. The galvanized chain has strong links with stout ring. The frame which carries mattress is specially strong, being constructed of  $\frac{1}{2}$ in. welded tubes, with convex angles at head and foot. The mattress is 11 gauge galvanized wire, and has 15 strong springs each end, and being securely fixed to sides eliminates any possibility of sagging. Height from floor to top of mattress, 24in. Size, 3ft. wide.

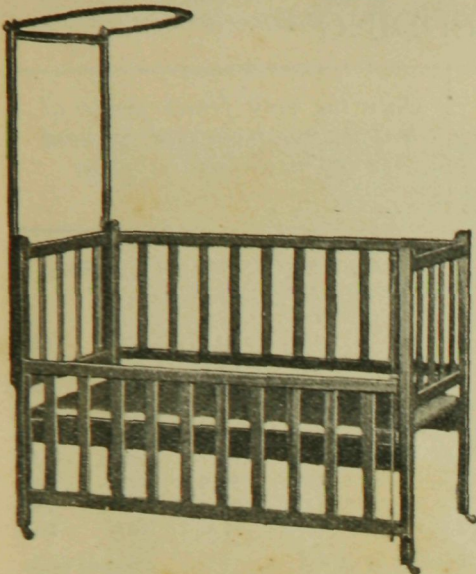

Price ... .. £6 : 10 : 0

"The Great Home Furnishers"

F. TRIMMON LIMITED  
260 GEORGE ST. BRISBANE.

It pays to come to the right place

Patent folding  
Hoop Canopy.

## COLOUR

—the keynote  
of modern furnishing!

YOUR interest in the New *All-Steel Twin Beds* is won immediately by their alluring colour finishes.

These new colour combinations have been carefully developed for the emotional effect on the mind—for the modern bedroom must be a place for healthful sleep and rest. Pictured above is the "ALEXANDER" design of *All-Steel Twin Beds*, finished in a blue that has the power of inducing the effect of peace and calm.

Twin Beds of ALL-STEEL construction. These are features in design now recommended by our eminent medical men.

ALL-STEEL CONSTRUCTION is practically indestructible. No part can loosen, split or warp. There are no cracks or pores to harbour germs.

"If there are no specific sanitary and economic reasons for Steel Beds, why are they always used in all our hospitals?"

TWIN BEDS. Separate Beds for each sleeper permit comfort, cleanliness and the natural delicacy that exists among human beings. Sleep becomes more relaxing and therefore more reconstructive. The "ALEXANDER" Beds shown here are fitted with—

- (1) A new patent folding hoop mosquito net attachment.
- (2) An all-steel combination mattress that effectively eliminates sagging.

The woven fabric is made of guaranteed rustless wire reinforced with helical tension springs.

The ornamented panels are of steel cane welded to cross members in head and foot rails.

PRICE : "Alexander" design, complete with rustless all-steel Mattress, patent detachable hoop Canopy. Enamelled any colour combination } 3ft. only £8/5/- each Bedding extra.

## The Comfort of our New Lawn Hammock!

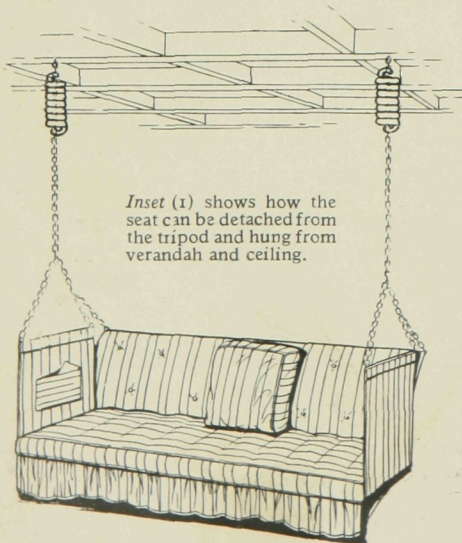

TRITTON'S LAWN HAMMOCK suggests and offers complete relaxation after the day's work and worries.

Delightfully upholstered and sprung with a patent galvanised link formation mattress, the swinging seat is constructed to support comfortably four persons, ensuring to them full protection from the sun or wind. The roomy canopy can be raised or

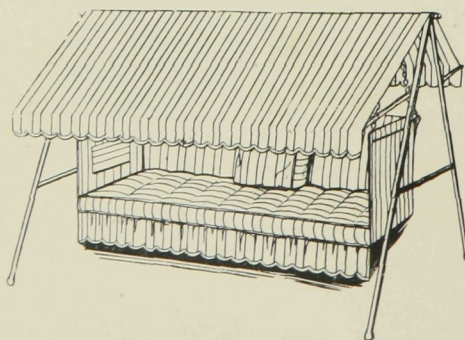

lowered and fixed in any desired position. On the chains supporting the swinging seat are fitted large nine-inch coil springs that take all possible jar when seat is swinging.

The folding tripod is made of steel tubing, hinged and braced to ensure a safe and rigid grip on the floor or lawn. A varied assortment of attractively coloured awning coverings is offered.

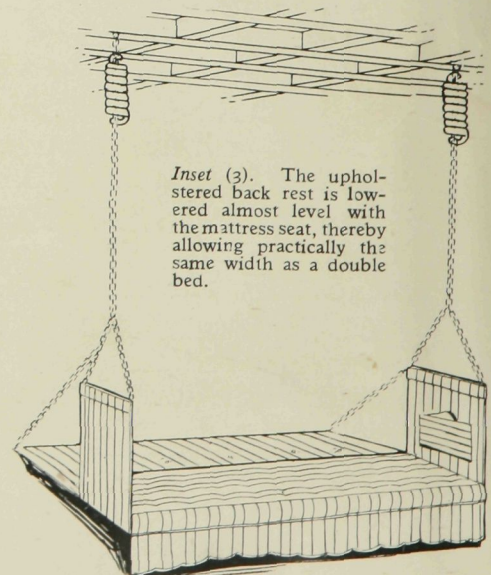

PRICE : Complete with Awning, Tripod, upholstered Swinging Seat, and two large kapok Cushions. Any colour Hammock Cloth £14.

*Inset (1) shows how the seat can be detached from the tripod and hung from verandah and ceiling.*

*Inset (2) illustrates the method of adjusting the Canopy—either forward or backward.*

*Inset (3). The upholstered back rest is lowered almost level with the mattress seat, thereby allowing practically the same width as a double bed.*

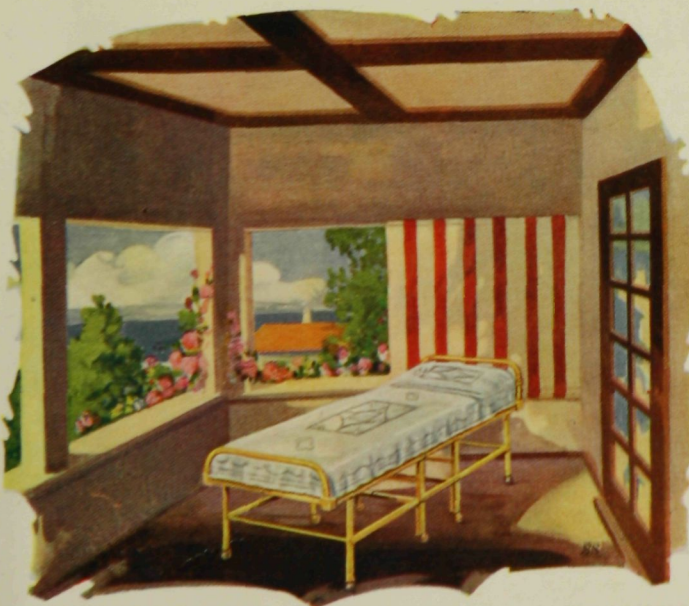

## The Charm of the New Steel Beds

THE "TOORAK-DE-LUXE" shown here is another all-steel design that lends itself to the new combinations of colour-finishes relieved by moulded top rods and caps in oxidised bronze. This design is fitted with an all-steel mattress unit that is guaranteed rustless and sagless.

With low foot and head rails this Bed gives the agreeable effect of increasing the height and breadth of the modern bedroom. Inset is shown the method of providing a patent folding hoop-type mosquito net attachment that can be detached. The ornamented cane panel is all-steel.

PRICE: "Toorak-de-Luxe" design of all-steel Bed, complete with rustless all-steel Mattress combination. Patent folding and detachable hoop Canopy for mosquito net. Any colour combination .. .. 3ft. size only £9/7/6 Bedding extra

PRICE: All-steel folding "Cabinet" Bed, with galvanised Mattress and detachable mosquito net Rod. Colour grey. 2ft. 6ins., £4/15/-. 3ft., £4/17/6. 3ft. 6ins., £5/5/- Bedding extra

## Can We Accommodate One More?

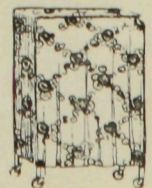

UNDOUBTEDLY this question of providing for the unexpected visitor troubles you every now and then.

Here is a type of all-steel Folding Bed that will enable you to provide instantly the accommodation required. After use, it can be folded (complete with bedding) into a small space and wheeled in a vacant corner.

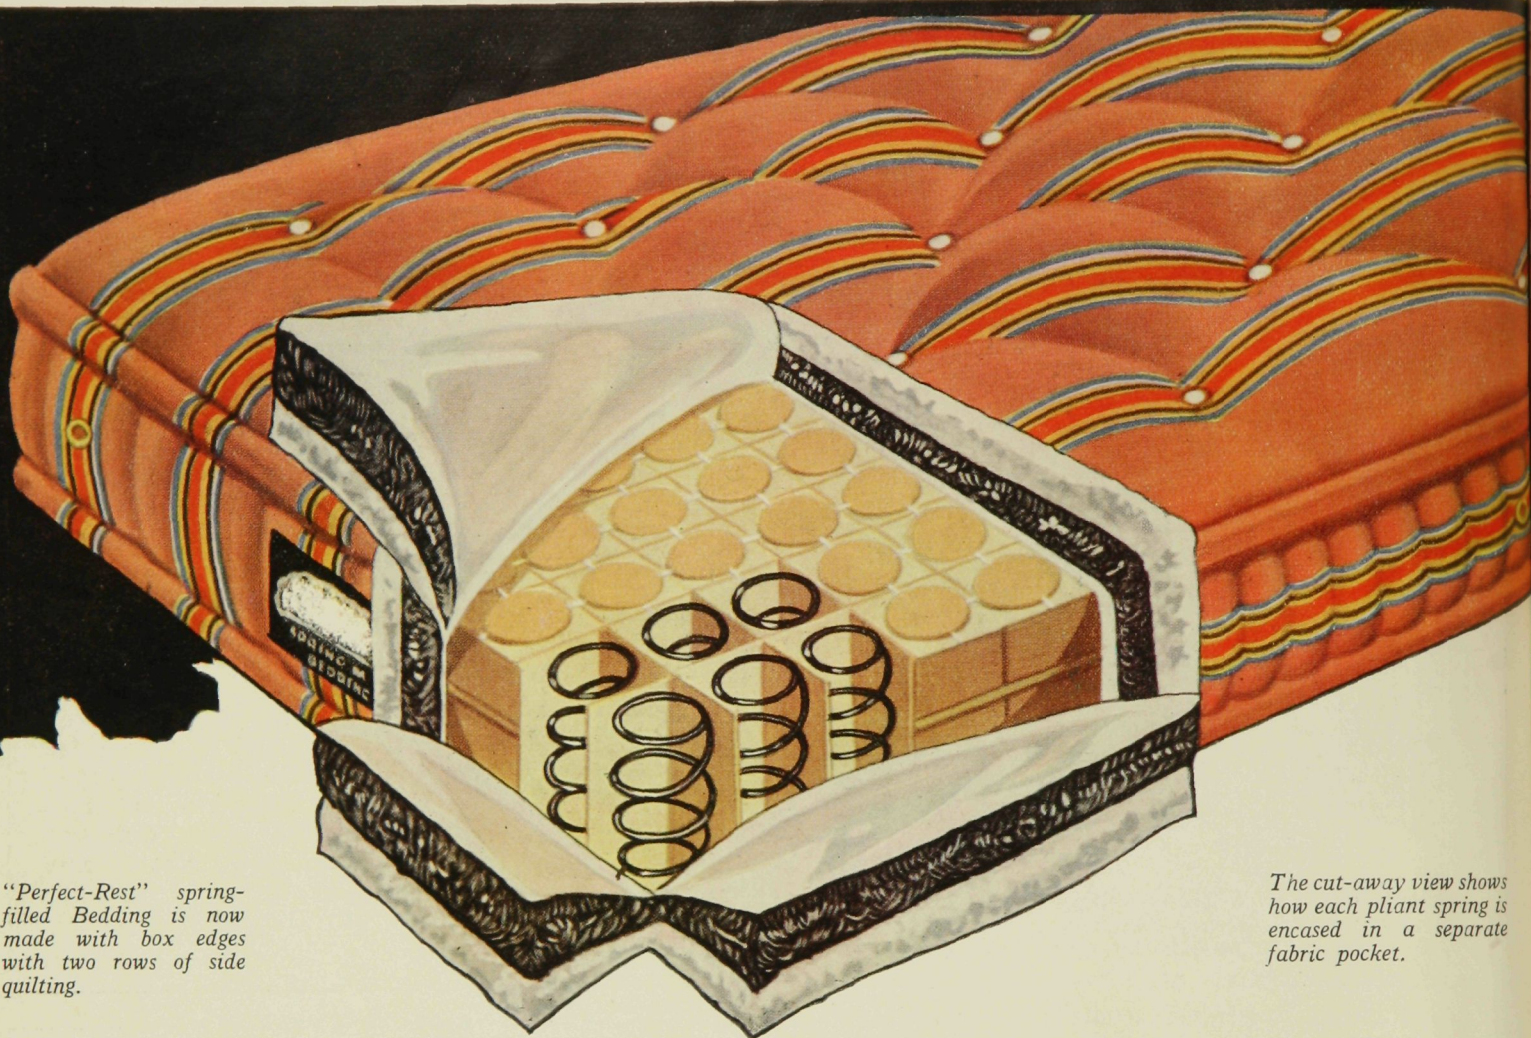

It is not a substitute—it is a full length Bed made in all standard widths. No detail of its construction contributing to comfort and service has been neglected in its manufacture.

Folds with all bedding by two easy movements.

"Perfect-Rest" spring-filled Bedding is now made with box edges with two rows of side quilting.

The cut-away view shows how each pliant spring is encased in a separate fabric pocket.

## You sink into a Cushion of Buoyant Springs

WITH the introduction of the "spring-filled" Bedding Mattress has come a new conception of bed comfort. For the "PERFECT-REST" Mattress supplies a vital element of complete comfort and healthful relaxation which all old-fashioned mattress fillings lack.

Its wonderful cradling buoyancy is furnished by hundreds of pliant, specially tempered springs—each spring being encased in a separate fabric pocket.

As you recline on the "PERFECT-REST" Mattress, these flexible springs give—but they push up, too, fill in the hollows and thus afford uniform, full-length support—the true secret of rest giving. Each spring has an individual and unrestricted freedom of action—yet each spring, as well as its covering, is an integral part of the entire construction. This unit of springs forms the buoyant base over which generous layers of hair and Australian cotton are hand-laid.

The covers are of strong linen ticking specially woven for hard service. There are four different color schemes to choose from. Ten brass ventilators are fitted to these covers, so that the interior of the mattress gets a bath of pure air each time it is used.

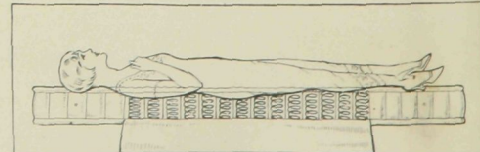

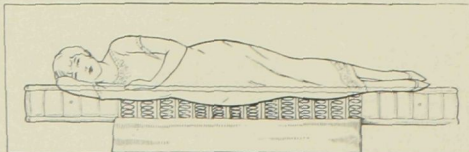

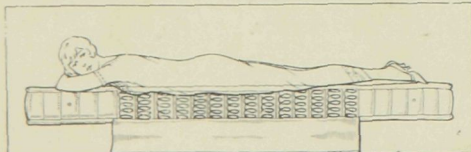

"PERFECT-REST" SPRING-FILLED BEDDING is made in all standard widths in one unvarying quality.

Figured over the many years of faithful service that it offers, the cost of a "PERFECT REST" Mattress is considerably less per day than that of the best hair mattress on the market.

PRICE: "Perfect-Rest" Bedding, with box borders and covered with exclusive coloured linen ticking.

## The "Omega" Patented Tuftless Mattress

*The De Luxe*

### The Patented "OMEGA" MATTRESS

**"Honeycombed like a Hive—for Sweet Sleep"**

THE "OMEGA" has no tufts or buttons to pull out. It can't lose its shape. Inside it is "honeycombed"—partitioned off into little sections so that the filling cannot move—or get out of shape—The "OMEGA" can never get lumpy or hard. There is a lifetime's honest service in each one—and they cost no more!

The Famous  
**"TRITONIA" Phonographs**

Special Low Terms arranged on  
these Instruments.

All "Tritonia" Models are of our own  
production, and are scientifically con-  
structed on fundamental principles.

With marvellous ability, the  
"Tritonia" Models reproduce records of the  
greatest artists in a superior way. Rare  
quality of tone, mechanical perfection,  
beauty of design, and the cabinet work  
are special features.

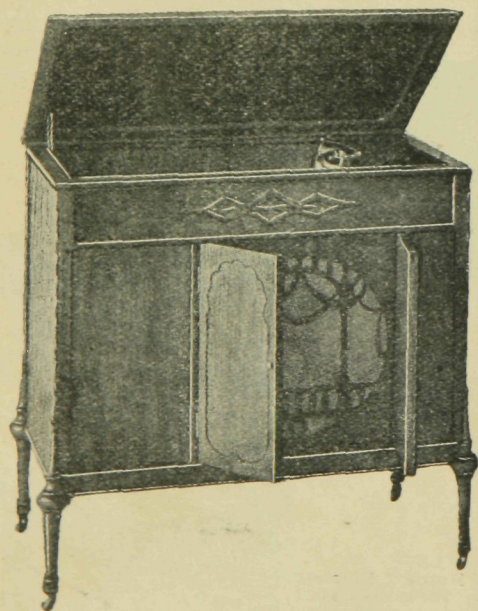

In addition to being a musical instru-  
ment of high standard, any of these  
"Tritonia" Models will form a nice piece  
of furniture for your home.

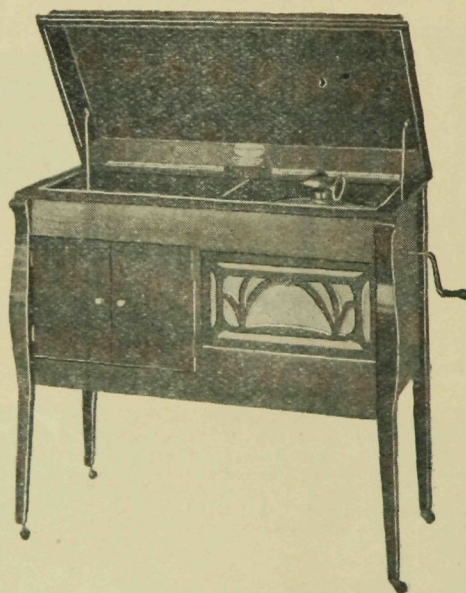

**L9—The "Tritonia" Console Phono-  
graph.** Our most popular model, beauti-  
fully made in richly polished Silky Oak.  
Stands 33in. high, 36in. long, and 22in.  
deep; fitted with exclusive metal sound  
chamber, special "S" tone arm and speaker,  
and powerful double spring Paillard  
motor. Plays the new electrically-  
recorded records perfectly.  
Magnificent Tone ... .. £14/15/-

We can supply any Model of  
Columbia, Brunswick and Edison  
Diamond Disc Instruments.

We carry large stocks of Records and will  
mail lists of the latest releases regularly.

**L12—"Tritonia" Cathedral Model.  
Console Design.** This instrument is 35in.  
wide, 21½in. deep, and 35in. high, and is  
equipped with a powerful double spring  
motor, fitted with an "S" tone arm, and  
latest metal diaphragm speaker. Cabinet  
work in richly polished Silky Oak, light or  
dark shades. ... .. £27/10/-

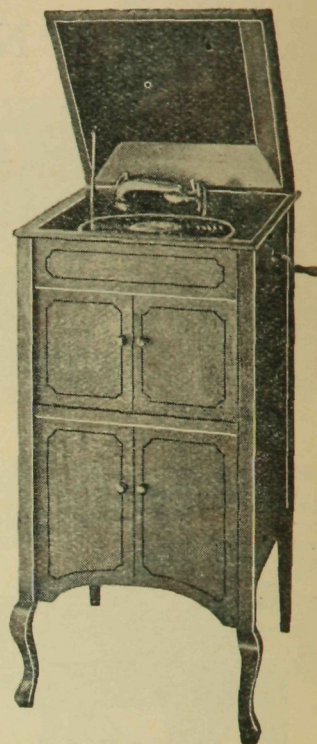

**L11—"Tritonia" Console de Luxe.** A  
delightful model for your music room;  
faithful reproduction, and wonderfully  
appealing in tone quality, fitted with newest  
"S" tone arm and speaker, sound chamber  
of wood, also powerful double spring motor.  
One long lid covers motor board and record  
recess; doors open to record chamber, and  
grid to sound chamber. This model is 34in.  
high, 36in. long, 22in. deep; cabinet work in  
dark brown Silky Oak, or Maple, polished  
rosewood colour ... .. £21/-/-

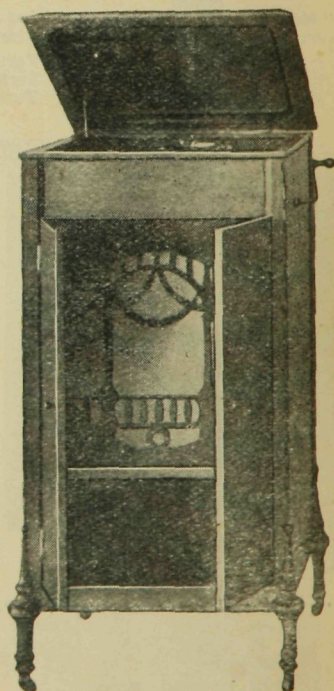

**Realism!** This is the keynote of the outstand-  
ing and latest "TRITONIA" success.

**The Cathedral Model (in two distinct designs),  
Console, L12 and Upright, L13.**

These are masterpieces. Every source of material  
and artistic skill have been utilised to make these  
instruments the most it is possible to offer in a  
perfectly-true toned phonograph.  
These new wonder models are designed along the  
most modern lines. The harmonious proportions  
and handsome finish in Queensland timbers  
appeal to every lover of fine furniture.  
The magnificent volume and depth of tone, due to  
new patented methods of amplification, are a  
wonderful achievement in realism of reproduction.  
Neither in price nor magnificence of tone quality is  
there anything to equal these new Cathedral Models.

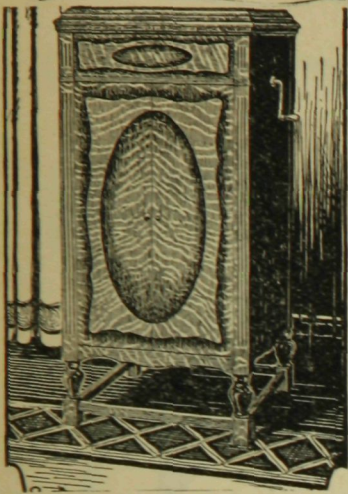

**L10—The "Tritonia" Upright  
Phonograph,** built on similar lines  
to Console L9, in richly polished  
Silky Oak, 38½in. high, 18in. wide and  
20½in. deep; fitted with exclusive  
metal sound chamber, special tone  
arm and speaker, and powerful double  
spring Paillard motor.  
Magnificent Tone ... .. £14/15/-

## UPHOLSTERED FURNITURE

### LUXURIOUS UPHOLSTERY.

Our upholstered furniture is the acme of comfort. Great care and attention is devoted to the springing and all other materials used, thus ensuring durability in wear, and comfort in use. It is the unseen construction that counts in upholstery, to which special attention is given by our experts, and the work is guaranteed.

### CHOICE OF MATERIALS.

Customers can select their own coverings to harmonise with any furnishing scheme, from our immense range of materials. To customers who are unable to personally visit our Showrooms, we will gladly send samples of soft furnishings to enable them to make a choice in keeping with their requirements.

3ft. 10in. to 4ft. 4in. x 6ft. drop... 21/-

Can be supplied with lace motif, from 1/6 to 3/6 extra.

### THE ART OF MAKING YOUR CURTAINS GLIDE ALONG SMOOTHLY.

Every time you tug or jerk your curtains, the material is strained, and its life is shortened. This you cannot help unless you hang them the "TRITTON WAY." Your curtains should be fitted with the Tritton Quality Glide Curtain Runners.

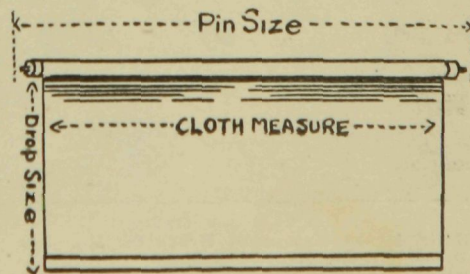

Thread CORD from Right Hand Side through Double Pulley and right through all Curtain Rings. Tie with a simple knot on the second ring of the Left Hand Curtain; continue through the remaining rings over Single Pulley, and again tie cord to Second Ring on Right Hand Curtain, and thread cord through Double Pulley.

**NOTE.**—Curtains must be closed across window before the threading of cord. Tie knots where arrows point.

Follow these instructions, and your curtains will glide over the curtain pole at a touch, or by simply pulling a cord. Country customers only require a screw-driver to fit this Tritton Glide Curtain Runner adjustment to their windows.

For Sundry Fittings see Page 88.

### INSTRUCTIONS FOR MEASURING SPRING ROLLER WINDOW BLINDS.

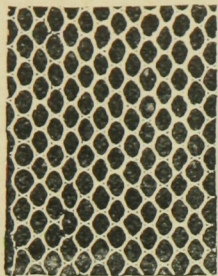

To avoid any possibility of mistakes, delay and inconvenience, it is advisable when ordering Spring Roller Blinds, to give the extreme measurements described as "Pin Size"; also the exact width of blind, described as "Cloth Measure," and the length of blind, described as "Drop Size."

## MOSQUITO NETS, VALANCES and CURTAIN FITTINGS

Tritton's Mosquito Nets are specially shaped, full length, and perfectly finished. Extra fullness is allowed for possible shrinkage. There is no skimping, and absolute protection is assured.

Our prices are exceedingly low for genuine Quality Nets, and we do not offer unreliable kinds. Tritton's Nets give wonderfully long service—resisting both wear and wash.

P9 and 10—Passage Linoleum.—36in. wide. 6/6 lin. yard  
45in. wide. 7/6 lin. yard 54in. wide. 8/6 lin. yard

### MAIL ORDERS.

As mentioned above, we will gladly send samples, post free, on request. In cases where selection is left to us, kindly mention the names of the rooms to be covered; also the colours of the walls and existing furniture and furnishings. Such information is very helpful in choosing suitable designs.

When measuring, it is always advisable to use a rule or steel woven tape, and it is more satisfactory to send a plan, showing position of doors and other rooms, as, often it is necessary to lay Floor Coverings in consideration of these.

## Aerolax

LOCK-LINK  
BLINDS

### P57 — "AEROLAX" Lock-Link Blind.

The "Aerolax" Blind is well known, and is neat and artistic in appearance. It gives good verandah comfort all the year round, kills the glare, and admits the soft diffused light and moderate ventilation; also adequately protects from the rain. Recommended for all verandah purposes. The links are of 18 gauge galvanised mild steel, and will give many years of faithful service.

Drops	Widths and Prices.					
	4ft.	5ft.	6ft.	7ft.	8ft.	9ft.
4ft. 6in.	18/-	22/6	27/-	31/6	36/-	40/6
5ft. 3in.	21/-	26/3	31/6	36/9	42/-	47/3
6ft. 9in.	23/7	29/7	35/5	41/5	47/3	53/3

These prices are for Blinds painted Green or Brown, complete with cords, pulleys, wire, brackets, screws and screw-eyes, for securely hanging and staying blinds.

For Blinds complete with all fittings, with greater drop than 6ft. 9in., we charge 10½d. per square foot, plus 2/-, and for special sizes we charge the next charge in advance, plus 2/- for alteration to special measurement.

### P59 — "DUPLEX" Blind.

This Blind has patent galvanised wire links which will not rust, stretch, nor break. The laths do not overlap, and good ventilation is assured. The "Duplex" is durable and reliable, and will give satisfactory service for many seasons.

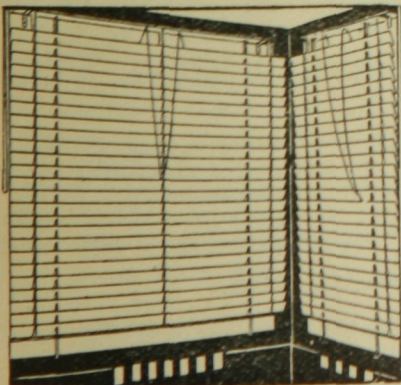

Drops	Widths and Prices.					
	4ft.	5ft.	6ft.	7ft.	8ft.	9ft.
4ft. 6in.	18/-	22/6	27/-	31/6	36/-	40/6
5ft. 3in.	21/-	26/3	31/6	36/9	42/-	47/3
6ft. 9in.	23/7	29/7	35/5	41/5	47/3	53/3

These prices are for Blinds painted Green or Brown, complete with cords, pulleys, wire, brackets, screws and screw-eyes, for securely hanging and staying blinds.

For Blinds complete with all fittings, with greater drop than 6ft. 9in., we charge 10½d. per square foot, and for special sizes we charge the next size in advance.

### P61 — VENETIAN BLINDS.

Our Venetian Blinds which are used in thousands of private homes, Government buildings, hospitals, schools and convents, are made of the best timber, and are painted any colour, with three coats of oil paint. The laths are supported on galvanised chains, and cross rods. The top rail is hung on strong iron brackets, and a strong iron rod, fastened at each end, passes through the lath and prevents them from blowing about and making a noise. These Blinds can be raised to any height at will; also closed or opened for ventilation or view.

#### TO OUR COUNTRY CUSTOMERS.

When sending orders by post, to save mistakes, send rough sketch of verandah, showing where blinds are wanted, and give for height of blinds the distance between under-side of verandah plate and top of hand rail or to floor (to measure for price, allow 3in. higher than under-side of verandah plate) by width required. We recommend any opening over 6 feet wide, to be fitted with two blinds.

For Verandahs or Outside of Windows ... 1/9 per sq. foot  
 Inside Window Blinds, fitted with tapes ... 1/6 per sq. foot  
 Measured and fitted, free, in Brisbane and Suburbs.

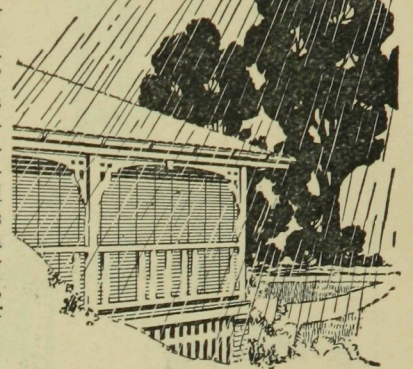

For use at or near the sea coast, we can fit the blinds with brass chains and cross wires at extra cost of 6d. per square foot.

We can supply another type of Venetian Blind. Our Special line at 1/4 per square foot.

## VERANDAH BLINDS

## Loovalax

LOCK-LINK  
BLINDS

### P58 — "LOOVALAX" Lock-Link Blind.

This Blind is similar in construction to the "Aerolax," but the laths overlap. This overlapping makes the "Loovalax" Blind rain-proof, light-proof, wind-proof and practically air-proof. It is ideal for sleeping-out verandahs where facing due West, as a protection against the Westerly winds and the afternoon sun, but it is not recommended for general use.

Drops	Widths and Prices.					
	4ft.	5ft.	6ft.	7ft.	8ft.	9ft.
4ft. 6in.	18/9	23/6	28/3	32/9	37/6	42/3

6ft. 9in.	25/4	31/8	37/11	44/3	50/6	57/1

These prices are for Blinds painted Green or Brown, complete with cords, pulleys, wire, brackets, screws, and screw-eyes, for securely hanging and staying blinds.

For Blinds complete with all fittings, with greater drop than 6ft. 9in., we charge 11½d. per square foot, plus 2/-, and for special sizes we charge the next charge in advance, plus 2/- for alteration to special measurement.

### P60 — "PARAMOUNT" Rolling Venetian Blind.

The laths in this Blind overlap, and thus privacy is assured. The patent galvanised wire links will not rust, stretch, nor break. The "Paramount" is ideal for sleeping-out verandahs, and will give many years of service.

Drops	Widths and Prices.

For Blinds complete with all fittings, with greater drop than 6ft. 9in., we charge 11½d. per square foot, and for special sizes we charge the next size in advance.

### P62 — CANVAS AND DUCK BLINDS.

Made of Block Striped Duck, Cotton Duck, Striped Linen Tick, or Special Striped Awning Cloth. These Blinds are well made to any size, and fitted with lath at top to allow for screwing to fascia plate; roller at bottom and cords, pulleys, etc. A special feature is the strongly stitched side hems and angle pieces, which ensures long life and satisfaction.

When ordering, please state clearly both width and drop measurements. If Straps and Cleats are required, the cost will be 7/6 per blind extra.

Plate Rack and Splash Back—Ordinary  
Finish, £1/8/6 extra.  
Prices for Nickel Finish on application.

All the Fuel Stoves illustrated above are constructed of very heavy Sheet Metal and are built to give many years of reliable service. SAXON Fuel Stoves are lined with special Kiln baked fire bricks which absorb heat and re-radiate it to the Oven. This means a big saving in Fuel as the heat is conserved and also means even heating of the Oven. These bricks are easily replaced and are inexpensive. This Stove is similar to that supplied to Queensland Government and Railway Departments. Each Stove has a full set of cleaning tools.

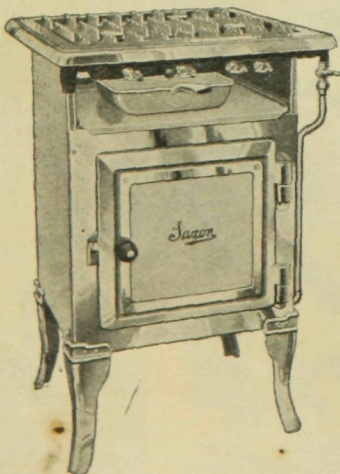

**T5—MIDGET GAS GRILLER.** With Four Burners (2 oven, 1 grilling and 1 boiling); supplied with grill dish. Oven size, 11½ x 10 x 10½ in. ... £3/10/-

## PERFECTION OIL (Kerosene) STOVES and HEATERS.

THERE IS A STYLE, SIZE AND PRICE FOR EVERY NEED.

These stoves are sturdily built, and are handsome in appearance; the frame is of Black Japanned heavy-pressed steel, and the double-wall chimneys which give the cooking speed of gas, are finished in Turquoise Blue. The ovens have glass doors, and are so well ventilated that foods of different flavours can be baked at the same time without the flavours mixing. The cabinets (plate-rack and splash-back) can be supplied in Black Japanned or White enamelled finish, with nickelled trimmings.

Special Features : Even Heat, Cooking Comfort, No Smoke, No Soot, Spare Parts for Renewal.

**T34—PERFECTION BLUE CHIMNEY STOVE.**

# Tritton's for Endless Variety.

IT is possible at TRITTON'S to chose Furniture or Furnishings for any requirement. On this page we have set forth some suggestions of the necessary furniture required for both Three and Four Rooms. On looking through the Catalogue it will be observed that we have not sought to arrive at the lowest estimate by quoting the cheaper articles in their respective classes; keener estimates can be arrived at by selecting Bedding and other items of less value, or by reducing the number of items. These suggestions are only mentioned as a guide to home furnishing, and there is practically no limit to your choice. Decide what you require, and let TRITTON'S then assure you of complete satisfaction.
